

## ULI LANGTHALER QUARTETT

This quartet is formed of the most active and asked for musicians of the Viennese jazz scene. The compositions of the bandleader are positioned in the context of "modern jazz" and "fusion".

The musicians are experienced in handling the jazz tradition but are also active in contemporary and pop music projects. Their musical openness allows for a rich diversity in composition, improvisation and stylistics.

The individual soloistic abilities of the musicians combined with the desire to form up a collective makes this band particularly special.

Uli Langthaler	Bass
